Working experience

Senior Developer

Kalypso: Rockwell automation

2021 – On going

- Azure/Microsoft stack
- IoT development

Production support

Enroute systems

2020 – 2021: 1 year

- JS and C# development
- API development

Design engineer

John Deere

2019 – 2020: 1 year

- C# and VB development
- Electric harnesses designer

Education

C# for Unity game development

2020: *University of Colorado in Coursera*

Python 4 everybody

2020: *University of Michigan in Coursera*

Mechanic electric engineer bachelor

2015 – 2020: *ITESM Campus Monterrey*

PHP basics

2020: *Tec Gurus*

Web design

2020: *Tec Gurus*

High school exchange to Canada

2013: *Georges P. Vanier*

High school degree

2012 – 2015: *Prepa tec CVL*

Languages

- Spanish Native
- English TOEFL iBT
- German A1
- Italian A1

Volunteer

Main collaborator

2019: *BMES, BioMedical Engineer Society*

Math III teacher

2018: *PrepaNet @NET*

Main collaborator

2018: *IKNEXTIA*

Community manager

2018: *Clínicas del azúcar*

Computer teacher

2016: *Centro Virtual de Aprendizaje CVA*

Projects

Hackathon 2021 – 2nd place

2021 *CEMEX, Medical and Wellness Sciences School*

3D printer optimization

2019: *EMIS, Medical and Wellness Sciences School*

- Parameter's determination

International competition

2019: *Foro IDEEA*

- Conceptual drone design

Electric engine's coiling

2018: *ITESM, Instituto Tecnológico de Estudios Superiores de Monterrey*

Badges and certifications

Azure IoT developer specialty

2021: *Microsoft*

Azure developer associate

2021: *Microsoft*

IT Cybersecurity fundamentals

2020: *IBM in Coursera*
